

Hand Hollow Farm

.Community Supported Agriculture.

2012 CSA SHARE RENEWAL

THE FARM

Hand Hollow Farm is now entering its fifth growing season. It is located on beautiful terrain of fields and woods in New Lebanon, NY. While the farm is not certified organic, all crops are grown organically, without the use of synthetic fertilizers and chemical sprays and with the goal of sustainability in mind. The farm grows over 40 kinds of vegetables as well as culinary herbs and flowers for a vibrant 50 member CSA. The farm is also home to free range laying hens, pastured chickens and a multitude of wildlife.

YOUR SHARE

Members of Hand Hollow Farm CSA pick up their share at the farm once a week. Distribution is held on Wednesdays from 4-7 and on Saturdays from 9-Noon. At distribution, members fill up their share bag with their own choices from that day's harvest. This year shares are available in full or small size. A full share is designed for a family of four or two adult vegetarians. A small share is great for individuals, part-time residents, and less vegetable oriented eaters. In addition, all members may pick herbs and flowers. Only members who purchase u-pick access can harvest other u-pick crops including snap peas, green beans, cherry tomatoes, husk cherries, tomatillos, edamame, and more.

Renew Your Share Today!

To sign up for 20 weeks of fresh, organic produce, from Mid June through the end of October, please send in this completed form along with a deposit of \$100 to reserve your share. Mail to:

Hand Hollow Farm
402 County Route 34
East Chatham, NY 12060
